

16mm PET Strapping System

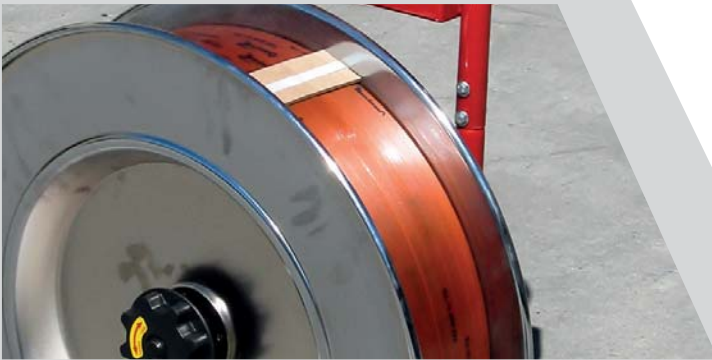

INFORMATION

Item name: 16mm PET Strapping System

Item code: 06-SPET16089OEPK 16mm PET Strap
03-ITA20 Semi-Auto Battery Powered Tool
03-PSD1 Dispenser
15-ETEW020202/1500 Mini Corners
03-LSP016 Strapping Lance

Description:

- The Omni-tuff PET system is extremely efficient and cost-effective, with the option of manual, battery or pneumatic tools. It provides a higher safety level, easier handling and safer storage compared to traditional steel strapping.

Specifications:

- **06-SPET16089OEPK:** 540kg Indicative Break Strength. PET Strap 16mmx0.89mmx1000m/roll Orange Embossed. This strap is highly resistant to corrosion and damage, and has additives included during manufacture for anti-split properties and durability. Omni-tuff PET is manufactured from virgin material, ensuring high strength and even batch consistency. This PET is independently tested and rated in Australia in supporting manufacturers claims, ensuring high safety expectations. It provides excellent retained tension during transportation and shipping of goods. The strapping withstands even a sharp nail penetrating it.
- **03-ITA20:** Semi-Automatic Battery Powered Strapping Tool Kit 12-16mm
- **03-PSD1:** Mobile Dispenser c/w Tool Tray. Keep your tools close at hand
- **15-ETEWO20202/1500:** Tuff-Edge Mini Corners 50x50x50x4mm (1500/ctn). Protect your goods from pressure of strap on load
- **03-LSP016:** Strapping Lance. Guide your strap under package/pallet with ease.
